Grand Knight's Letter

Brothers all,

I hope that all is well with you and your family. We are going into the month of April and this is the best time of the year, Easter, yes chocolate Easter eggs. I wonder how things could be better with stores offering up specials and sale prices every day. Wait a minute it is LENT these things should not be my priority they should be something I give up? A Priest we know would say to me don't give something up, do something for somebody. God bless him for saying that I will never forget it. Yes it was Father Hawkshaw. We should all take his lead and do something good for somebody in need instead of giving something up. There was someone else that gave us something, and we all needed the gift of forgiveness and the ability to receive it time and time again. You and I will never need to go through what he did to give us this unending gift, Our Saviour Jesus Christ. No I am not preaching, I am not worthy of that, I am just sharing what I believe and do.

We have an election committee consisting of Joe Frendo-Cumbo, Mike Sangregorio and Adam Monid if you're interested in a position on the executive please contact anyone of these Brothers. Their contact info is on the second page of our Take 5. Another way of helping would be to talk to the Brothers that you want to be on your executive committee. Let them know where you think your Council should be heading, charities that are being supported, events that are budgeted. They will need to know so that your input to your Council is at the forefront or at least being heard. Most of the time we only hear when things are not done the way some feel it should be. Again if you don't talk to us we don't have your input.

We often say the youth is our future. This for sure is where it lies with them. Jean Vanier High School has several projects on the go. They are working on a trip to Ottawa supporting Pro Life and they are also going to Kenya Africa to be part of a pilgrimage. Please support these young people doing the good work of our faith.

Your Council has a few more events/projects left in this fraternal year. We have our spring Adopt-A- Road clean up, a breakfast or maybe two. Will you be there to help or sit down and enjoy a great breakfast? Watch for dates and times to be announced soon. I am once again ordering Council shirts. Give me a call! We will be placing an order soon.

Well Brothers I will sign off now. I would suggest when going to Mass or to any Knight of Columbus event **wear your badge** and your new green shirt. You all have one. You say you have no time to help, well this is something you don't need to take time to do.

Vivat Jesus,
Michael Dynes
Grand Knight

Chancellor's Report

Dear Brothers

I hope all of you and your families are all doing well. Our winter doesn't seem to want to let go yet and yesterdays snow fall made me wish that my wife and I were some were warm down south. The Council year however seems to be moving faster as each month passes by. For me it always seems that the real Spring season starts when we are celebrating Easter. My wife had her Knee replacement surgery two weeks ago and is starting to slowly get mobile a bit, she still has a way to go yet. I will be going in for my knee surgery this Monday coming and I will also be out of commission for about two weeks. We are very fortunate to have our two Daughters living close to us to help us out if we need it. Also a big thank you to our Grand Knight Michael and his good wife Dorothy who have offered to help us if we need extra help. I may not see you at the General meeting, but hope to see you at the Executive meeting.

Membership

We are still hoping to see some new members who might want to join our ranks. Our membership presentation at our Masses and our Open house, did not bring us any Candidates yet. Please remember that we need your help to find new members and let us know if you meet someone who wants to know more about our Council.

Vocations

Nothing new to report at this time.

Degrees

Upcoming Degrees are, Second Degree May 13th and Third Degree June 8th. Please remember you must have your Third degree if you plan to run for an Executive Council Position.

Fraternally,
Joe Frendo-Cumbo, Chancellor.

THE ADVOCATES CORNER; *for those trivia brothers who want to share the really important things of life -*

It may be difficult to imagine, but there is a country in the world smaller than New York City's Central Park and one with a population smaller than a typical high-school class. Based on landmass, Vatican City is the smallest country in the world, measuring just 0.2 square miles, almost 120 times smaller than the island of Manhattan. Situated on the western bank of the Tiber River, Vatican City's two-mile border is landlocked by Italy. The official seat of the pope of the Catholic Church since 1377, Vatican City was not declared an independent state until the Lateran Treaty of 1929. After years of power struggles between popes and the political leaders of Italy over who could claim supreme authority in the region, Benito Mussolini and Pope Pius XI agreed to the Lateran Pacts on February 11, 1929, which created the independent state of Vatican City for the Catholic Church in exchange for the pope's recognition of the Kingdom of Italy. Today, nearly 75 percent of the Vatican's citizens are members of the clergy.

In comparing countries by population, however, Vatican City loses out to the Pitcairn Islands for the title of smallest country. Compared to the 800-850 residents who live in Vatican City, the population of the Pitcairn Islands has fluctuated between 40 and 60 inhabitants over recent years. This British territory, located in the Pacific Ocean halfway between Peru and New Zealand, is composed of four islands, but Pitcairn is the only one that is inhabited. Pitcairn's tiny population is also noteworthy due to its peoples' heritage: They are descended from Tahitians and the mutineers on the *Bounty*. Fletcher Christian and eight other mutineers fled to Tahiti after their revolt at sea, but when hostilities arose with their new neighbors and they began to fear arrest, they escaped to the deserted island of Pitcairn to hide from British authorities, bringing a handful of Tahitians with them. The British rediscovered the islands in 1791 during a search for the mutineers, and they were named a British colony in 1838. Though the population has swelled since then to a whopping 223 just before World War II, the current population stands at about 50.

Considering the 50 smallest countries by landmass are each less than one-quarter of the size of Rhode Island and the 50 smallest countries by population are each about one-sixth the size of Washington, D.C., it really is a small world after all.

Church Activities

The Ordinandi Dinner was held on March 4th at the Pearson Convention Centre in Toronto. It was again successful with 2,260 in attendance receiving a hot meal at a sit-down dinner. 7 deacons will be ordained this coming May. They are as follows:

Rev. Mr. Scott Birchall, 32, Richmond Hill

Rev. Mr. Neiman D'Souza, 31, Kuwait (Markham)

Rev. Mr. Omar Alejandro Daza Hernandez, 32, Columbia

Rev. Mr. John Perdue, 28, Douro, Ontario

Rev. Mr. Michael Simoes, 29, Toronto

Rev. Mr. Jarijan Sisko, 37, Makarska, Croatia

Rev. Mr. Dave Walter, 36, Chepstow, Ont.

Five will be serving in Toronto Diocese, one in Peterborough and one in Hamilton diocese. One of the deacons in his 5 minute speech was told by his father that "there is no lay-offs in the priesthood"

I had a chance to speak to Father Chris Lemieux and he told me he is being promoted to Director of Vocations at St. Augustine Seminary.

St. Augustine Seminary is celebrating their 100th anniversary on June 1st with an open house.

Yours in Christ
Lorne Winkler

Family Activities

Dear Brother Knights;

The family that Prays together, stays together. I'm sure you've all heard that expression at one time or another. Maybe we as Knights need to do a little more praying together so that we can achieve our goals as a Council. Maybe it's the crummy weather we've had for months now, but it seems that everyone is unhappy and we seem to be taking it out on one another. As a high school student I belonged to the Rowing Club. We rowed out of the Argonaut Rowing Club in Toronto. The CFL football club with the same name evolved from the oarsmen trying to keep in shape in the off season. Anyway my point is that the motto of the rowing club is "Pull Together!". If you know anything about rowing when you get out of sync with your fellow crew members you can find yourself out of the boat and swimming for shore. I've always thought that "Pull Together!" is an ideal motto for the Knights of Columbus. It fits in well with Charity, Unity and Fraternity. I suggest that rather than blaming our Brothers for not supporting our program we might well take a look at ourselves. What could we do differently to make things work better.

This business of doing things together can, however, get a little ridiculous. As some of you know I've been suffering a respiratory ailment since back in October. All the x-rays and meds haven't solved a thing. I've had a cough and lots of congestion. Is it a cold, bronchitis, allergies or something more serious? My son Michael has had a cold too that has now lasted weeks, and my wife, Wendy, has a serious cold too! On top of that, My 10 month old grandson is coughing with the best of us. Families really don't need to stick together on everything.

Have a Happy and Healthy Easter,

Brothers Mike and Denis Farley, chairmen.

The Good of the Order
